

In-Booth Lunch Symposium

Combating Glaucoma with Interventional Treatment and the OMNI Experience

Visit our booth on Saturday morning for an engaging discussion on interventional glaucoma, MIGS, and canal surgery. Gain expert insights into proactive glaucoma treatment strategies—including the use of OMNI in patients with POAG—and explore the expanding role of interventional approaches in today's evolving treatment landscape. Enjoy lunch while enhancing your knowledge and surgical skills—don't miss it!

Faculty

Douglas McGraw, DO, Chico, CA
Deborah Ristvedt, DO, Alexandria, MN
Arkadiy Yadgarov, MD, Atlanta, GA

Saturday, April 26
11:00 - 11:45 AM
Sight Sciences Booth 2439
